

PARTNERSHIP WITH THE BOSTON BRUINS AND BOSCH TOOLS

WHY SOMERVILLE

“Our team, in partnership with Bosch and the Bruins, was looking to engage with a strong local program that set a track to the trades for youth within the Boston community. After conducting research, Somerville High School’s carpentry program came on our radar and your program’s values and commitment to fostering students’ trade-focused skillsets stood out – hence why we wanted to execute this partnership with you!” Zeno Group, PR partner of Bosch Power Tools
