The background features a dark blue gradient with light blue stylized human figures in the lower-left and virus-like icons with spikes in the upper-right. The text is centered in the lower-right area.

Vaccination Verification Program

Verifying Vaccinations Through CrowdPass

- Third-party HIPAA compliant data collection and storage
- Opened verification process week of October 11
- Several rounds of communications to staff about how to sign up, benefits of vaccination, and consequences of not proving vaccination status
- Simple process for staff:
 1. Receive email
 2. Sign waiver
 3. Review COVID-19 symptom chart
 4. Upload picture of vaccine card
 5. Verified by CrowdPass

Verified

93%

Staff Fully
Vaccinated

Unconfirmed Staff

- 70 Staff members notified that vaccine status is not confirmed, received formal notice from HR that they will need to start wearing KN95 masks and must participate in testing
- Supervisors are aware of staff who have not verified vaccination status and are monitoring for compliance with policy

Vaccine Access

The district and health department are holding regular school-based clinics, including when approved, for 5-11 year old students.
