Department of Early Education and Care Guidelines

Domains that we worked on include:

- Fine Motor
- Science

Activities:

- Using a pincer grip to squeeze the dropper
- Exploring what objects will sink and what objects will float

Areas with supplies and toys are set up throughout the classroom for children to use. Toys are rotated regularly so children can be exposed to various materials and learning opportunities.

Practicing good hygiene

We wash our hands often throughout the day. Some of the times include:

- Arrival
- Before and after eating
- After using the bathroom
- After using a tissue

We ask that all families perform a health check on their children before coming to school.

We also ask employees to do a self health check before coming to school.
