Somerville Parks and Rec @ multiple schools: Various programs with over 400 students participating

High-quality out-of-school time summer programs provide numerous benefits for students, including improved academic performance, higher attendance rates, and increased graduation rates. These programs offer a blend of academic and enrichment activities that keep students engaged and motivated, helping them to retain and build upon what they've learned during the school year. By participating in these programs, students not only enhance their academic skills but also develop a love for learning and a sense of community.

Somerville Public Schools will continue to research, evaluate, and offer diverse, engaging, and interesting summer learning experiences to our students.
