

Full Remote Learning Model (LMS) Application

In **grades K-8**, students who engage in the Full Remote Learning Model and use the state-approved Learning Management System (LMS) will have the option to enroll in **Florida Virtual School (FLVS)**. FLVS provides an interactive curriculum that includes core courses as well as subjects such as Art, Physical Education, Spanish, and Technology. Additionally, scaffolds and supports are built into the platform for language learners and students with special education needs. Additional information can be found at the Florida Virtual School website: <https://www.flvs.net/>

In **grades 9-12**, we will continue to use the state-approved LMS called **Edgenuity** as it has been used at the high school level for several years. Edgenuity provides a full offering of core courses, which include AP, honors, dual credit, Career Technical Education, World Languages, and credit recovery. Scaffolds and supports are built into the platform for language learners and students with special education needs. Families can find more information on the Edgenuity website: <https://www.edgenuity.com/about-edgenuity/>

Students enrolling in FLVS or Edgenuity would still have the option of engaging in music and art classes offered by SPS educators and as applicable to enroll in Somerville Parks and Recreation, Community Schools, and youth-based in-person programs to support connections through safe social interactions.

Important LMS Information:

- **Instruction is asynchronous (independent work)**
- **Designed for families who can provide supervision and academic supports**
- **Limited SPS support**
- **Important! Students who enroll in the Full Remote Learning Model (LMS) will have the option on a quarterly basis to shift to the Phased Hybrid Learning Model.**

If you are interested in enrolling in the Full Remote Learning Model please complete this form and email the form or the below information to Assistant Superintendent Chad Mazza at cmazza@k12.somerville.ma.us no later than September 4, 2020. Once processed, Mr. Mazza will reach out to you directly to provide guidance and confirm the Full Remote Learning Model is a good fit for your family. Orientation of the LMS will take place the week of September 14, 2020.
