

Somerville High School Virtual 9th Grade Orientation

Although our traditional 9th grade orientation programs are not able to occur this summer, we still want to make sure that incoming 9th graders are ready for a great start at SHS!

Incoming 9th graders should join the Orientation Google Classroom page using the code **iblps6n**. In late July and throughout August, informational material will be added, and students will get the chance to ask questions about Somerville High School.

If you have any questions about this program, please email Michael Morgan at mmorgan2@k12.somerville.ma.us
